

Welcome to Community!

iTOVi welcomes the integration of Community- powered by Droplii – into its app. A seamless experience of using your scans to find and create recipes for you and your clients to use!

Community brings essential oil users together, sharing their favorite oils and blends in one easily searchable platform!

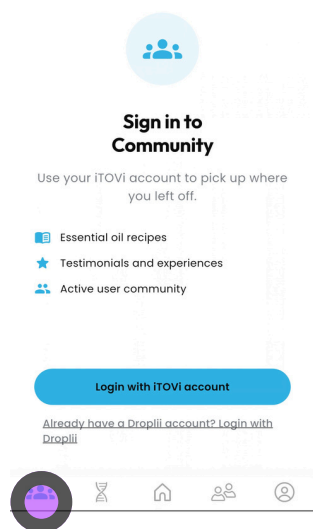

Getting Started Overview

Where do I join Community?

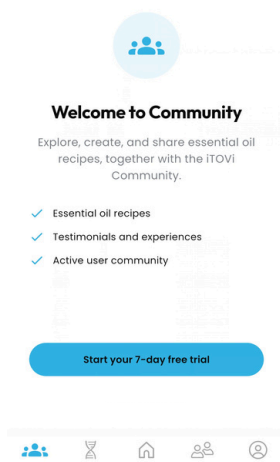

1 Click on new Community icon

Find the new Community icon in the bottom left of your iTOVi app. 

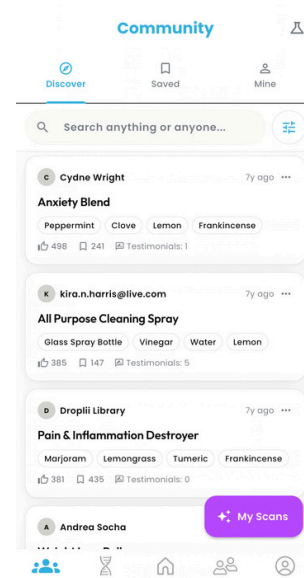

2 Log in with your iTOVi login or use an existing Droplii account

Already have a Droplii account? Use it to login. New to Droplii? Use your iTOVi login to join.

3 Discover, share, create recipes

Explore the Discover, Saved and Mine tabs.

Create your own recipes

Recipe creation at your fingertips

Add your tried and true oil recipes to the Community catalog. Post to share them with everyone!

You can include detailed instructions, suggestions, ingredient details, and tag them for use cases they fit best.

The screenshot shows the "New Recipe" creation form. It includes fields for "Title *" (0/120), "Description" (0/1000), "Instructions" (0/4000), and "Suggested Duration" (0/60). There is a "Visibility" section with "Pending" (checked) and "Approved" options. A "Conditions / Uses" section has a search bar "Select a condition...". An "Ingredients" section has a table with columns "Name", "Qty", and "Unit", and a "+" button to add more ingredients. At the bottom, there is a navigation bar with icons for community, home, and profile.
