

Single Scan

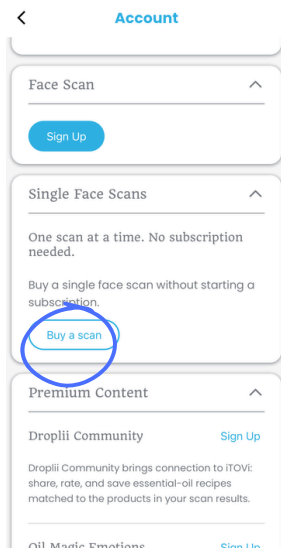

Curious about iTOVi Face Scan? Try it with a Single Face Scan.

If you have an iTOVi scanner or an iTOVi client account, you can now experience Face Scan for yourself. Don't have the app yet? Download it on your app store!

Each scan unlocks your exclusive Face Scan wellness metrics, recommended products, and the newly added iTOVi Protocols.

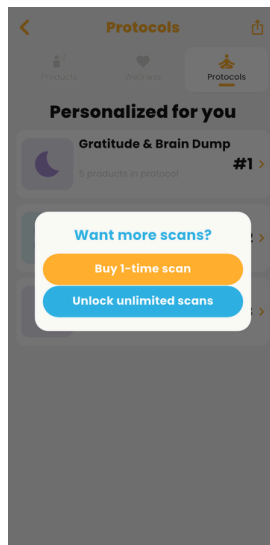

1 Manage Account

Look for Single Face Scans, new in your dashboard, and purchase a voucher whenever you'd like to check in.

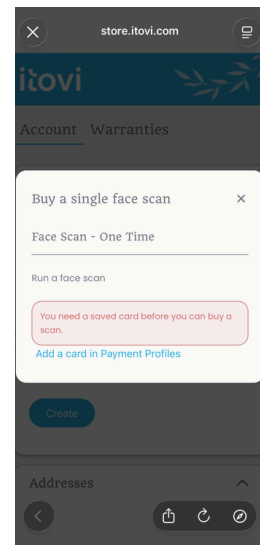

2 Select from Pop-up

Done a previous remote face scan with someone? Open your Face Scan report, wait 15 seconds and then select Buy 1-time Scan from the pop-up.

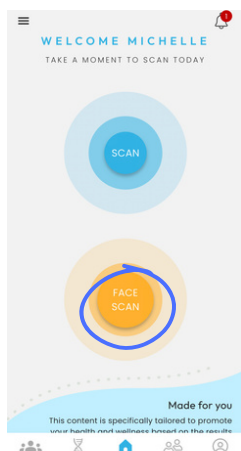

3 Add Payment Method

Enter your payment method into Payment Profiles in your account.

4 Start Face Scan

All Done! Your voucher is applied to your account automatically. When you're ready, just tap the Face Scan button on the home page to begin.

One scan at a time, with no subscription needed.
When you're ready to share Face Scan with family, friends, and clients, you can upgrade to a full subscription anytime.
